Wonwoo Nam

Professor
Department of Chemistry and Nano Science
Ewha Womans University
Korea

1. Curriculum Vitae:

Wonwoo Nam was born in Seoul, Korea. He received his B.S. (Honors) degree in Chemistry from California State University, Los Angeles and his Ph.D. degree in Inorganic Chemistry from UCLA under the direction of Professor Joan S. Valentine in 1990. After one year postdoctoral experience at UCLA, he became an Assistant Professor at Hong Ik University in 1991. He moved to Ewha Womans University in 1994, where he is presently a Distinguished Professor of Ewha Womans University. His current research focuses on the mechanistic studies of dioxygen activation and formation by biomimetic models of heme and nonheme iron monooxygenases.
